

SERVANT-LEADER OF THE MONTH

A lot of people see Manuel M. (AKA Sméagol) as a shy, and quiet person. A lot of people will say they have never even heard him say a word. However, many people do not have the pleasure of living with him in the pod because, no matter what the problem or issue someone may have, Manny will sit there and talk you through whatever you may be going through. Most of the time you don't know what he is saying and you just smile and nod and give a simple "hmm" because of how quiet he speaks, but if you get close enough and listen, you will gain knowledge and wisdom from him. It may be surprising to know that Manny can be the life of any occasion and truly has a "one of a kind" sense of humor and some people take it the wrong way but if you get to know him you will realize he is just joking! As graduation promptly approaches, the Fearless Fall 18' class have had our business logos brought to life and had them designed the exact way we wanted them; also, we will receive beautifully designed business brochures that our families, executives, and fellow brothers will see. Manuel is the head of the Graphics Team and I have seen him work hours on end to perfect our business logos and brochures. There has not been a single time where I have walked in the computer lab and Manuel was not on his computer working on our stuff. For nearly 5 months, Manuel has been the first to the computer lab and literally has to be forced out when it closes so that he can continue working on our business logos and brochures. The time and dedication Manny puts towards the Fearless Fall 18' class, makes him a true Servant Leader and I am proud to say that Manuel M. is my best friend!
