BPC Workshop Event

The Spring '19 Business Plan Workshop Event was an exciting and fun experience. On April 5th, at around 9:30 a.m., we all met in the PEP room. DJ Trejo had the music going and set the atmosphere with a positive vibe. One by one, we filled the room, smiling and shaking hands. We began talking about the event and our business plans.

It's very encouraging when you're surrounded by an army of Conquerors, especially when it's time to march down to the gym. A short while after we arrived at the gym, we got in formation for the Tunnel of Love and welcomed the executives. Next, we got into our panels. There were so many executives at the event that we didn't have much time to even sit down. Honestly, it was really a blessing to meet and speak to so many successful people. Really, it was inspirational. Also, it added substance to my faith. It's amazing to have our ideas acknowledged. I realize that I can transform my ideas into a reality. I really appreciate all the assistance I have received from the PEP family.

right way to describe how it feels to have hope restored back into my cially by people whom I didn't know that chose to be in here with us. Executives could have been anywhere in the world today, but their car-hearts guided them to be in here with us. Our Business Plan Workshop Event an awesome experience, but the love and hope we received is truly a blessing. I really just appreciate the encouragement and the second chance at accomplishing my duty as a man, a friend, a brother, a dad, and future husband. The more you know, the more you realize what you don't know...

Every event has enlightened my knowledge and understand- ing on what truly matters; to love, receive, and to give freely in return. Life is love, fun, peace, and purpose and I'm proud to be a part of it all.
