

# PRISON ENTREPRENEURSHIP PROGRAM SANDERS ESTES UNIT - VENUS, TEXAS

APRIL  
2019

## Legendary '19 - VCP

The Legendary '19 class was joined once again by their favorite advisors, PEP's generous executive volunteers. The goal this day was for each class participant to successfully deliver a 2.5-3 minute elevator pitch to their appointed panel of executives.

After an afternoon of hearing about new and exciting business ideas, eight panel winners were chosen from among the presenters, congratulated, and were then pressed into action again for a second engagement. This time their pitches weren't delivered to a small panel, but to all those in attendance. The experience gained by these men is invaluable to their future as businessmen and leaders in their families and communities.

A special thanks is in order for the many returning volunteers. This event could not continue to be what it is without you. Legendary would also like to thank those who became first time attendees at this VCP Event. Your presence enables this program and the individuals in it to continue to gain momentum on the road to success. Victor Guitierrez hosted his last event with PEP at the VCP. His presence will be missed, but his former role will be filled by the more than capable hands of Sovereign Kings graduate Stephen Fucile. With new faces on the PEP team and much work to do, Legendary '19 looks forward to refining their designs for the upcoming Business Plan Workshop. See you all there.
